

Axes

GRÄNSFORS AXES are forged by very professional smiths. The proof of this professionalism is that they are able to forge axes with such precision that no supplementary work, to hide mistakes in the forging, is needed. When the smith is satisfied with his work, he marks the head with his initials.

Mini Hatchet
.75 lbs 10.5 in.
No. 410

Hand Hatchet
1.5 lbs 9.5 in.
No. 413
